

## **AFTER THE WEDDING IS OVER**

**After the wedding is over**

**After the guests have all gone**

**After the honeymoon's memories**

**After the new life's begun**

**After the fun and the trying**

**After the negative results**

**After the blame and the crying**

**After the seething insults**

**After the acceptance of rejection**

**After the waves of despond**

**After the emptying bottle**

**After the affair with the blonde**

**After the shouting and slamming**

**After the living apart**

**After all the muck raking**

**After the breaking of hearts**

**After the solicitor's letters**

**After the papers are served**

**After the marriage is over**

**Still after the life we deserve**
